

STAMP 'IT

The complete marking machine with built in electronics based on the most stable Ethernet Port, suitable for 24x7 working. Requires computer with LAN Port or connect the machine in wireless router.

ASK FOR DETAILS OF THE ALL ELECTRIC HYBRID MACHINE.

Requires compressed air supply for working. Versatile and suits most direct part marking applications. Now also available as **ELECTRIC VERSION**

STAMP 'IT

Detail Specifications

Standard Marking window: 120mm X 100mm

Std. Column Height adjustment: 400mm

Imprinting power: 100 N

Standard Stylus: HF-16 for Steel Marking OR HF-10 for Aluminium Marking

Imprinting surface variance: 3mm (upto 10mm with LP-10 Stylus)

Marking Speed: 3 characters / second of 3mm height

Port: LAN Port (Static Ip)

Requirements:

Electrical connection: 240v

Air connection: up to 6 bar

PC Required Configuration: Any Standard PC with a free LAN port or Ethernet hub.

Operating Software: Windows 7 or 8.1 or 10

Material of Construction:

Machine Body: Aluminium with LM Guide ways from Hiwin.

Machine Cover: Carbon Steel with powder coating.

Colour of machine: Siemens Grey with Blue Column & Black Base

Pneumatics: Mac, SMC & Janatics

CNC Controller: 2 Axis Hybrid Controller from STAMP 'IT

Drive: Stepper Motors.

Packing: Air worthy packing.

Software Features:

Software: Operates with proprietary software *STAMPITLAN 2017* available free along with the machine.

Storage Capacity: Unlimited storage and Designs possible.

Features: Normal, Circular, Inside Circle, Incremental and Decremental Serial Numbers, Date & Time Code, LOG File generation, Barcode Scanner Output, Variable Data, CSV File linking, and many more.

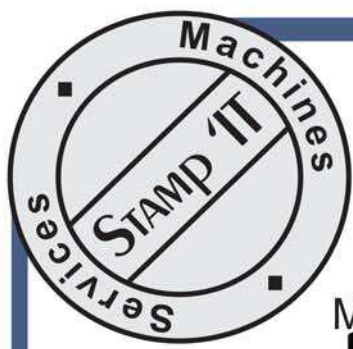

Fonts: Dot 5x7 & 7x9, 11x19, Single Line Standard, Fast Font & Cursive Font, Double Line TTF Fonts. (Over 100 Single Line Fonts)

Logos: HPGL PLT Files import.

Optional Features:

I/O Port: 4 Inputs for automatic file selection. End of marking O/P, Marking Ready O/P.

Customisation: Lot of Customisable Accessories available.

STAMP 'IT

Machine also available as separate controller and marking head mounted on the standard CF-02 Column Frame.
